TROPICAL CYCLONE BULLETIN NR. 29
Tropical Depression UWAN (FUNG-WONG)

Issued at 5:00 AM, 13 November 2025

Valid for broadcast until the next bulletin at 11:00 AM today.

OTHER HAZARDS AFFECTING LAND AREAS

Severe Winds

The outer rainbands of UWAN will bring **occasionally gusty conditions** reaching strong to gale-force strength over the following areas (especially in coastal and upland areas exposed to winds):

- **Today:** Batanes and Babuyan Islands

HAZARDS AFFECTING COASTAL WATERS

24-Hour Sea Condition Outlook

Up to rough seas over the following coastal waters:

- **Up to 4.0 m:** The seaboard of Batanes.
- **Up to 3.0 m:** The northern and western seaboard of Babuyan Islands; the seaboard of Ilocos Norte
- **Mariners of small seacrafts, including all types of motorbancas, are advised not to venture out to sea under these conditions, especially if inexperienced of operating ill-equipped vessels.**

Up to moderate to rough seas over the following coastal waters:

- **Up to 2.5 m:** The remaining seaboard of Babuyan Islands; the seaboard of Ilocos Sur, La Union, Pangasinan, Zambales, and Kalayaan Islands; the western seaboard of Bataan and Occidental Mindoro including Lubang Islands; the northern and western seaboard of Palawan including Calamian Islands.
- **Up to 2.0 m:** The seaboard of mainland Cagayan and northeastern Isabela.
- **Mariners of motorbancas and similarly sized vessels are advised to take precautionary measures while venturing out to sea and, if possible, avoid navigation under these conditions.**

TRACK AND INTENSITY OUTLOOK

UWAN will continue moving northeastward while over the sea while heading towards the southern portion of Ryukyu Islands. Due to unfavorable conditions, it will continue to weaken until it becomes a remnant low in the next 12 hours.

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to take all necessary measures to protect life and property. Persons living in areas identified to be highly or very highly susceptible to these hazards are advised to follow evacuation and other instructions from local officials. **For heavy rainfall warnings, thunderstorm/rainfall advisories, and other severe weather information specific to your area, please monitor products issued by your local PAGASA Regional Services Division.**

The next tropical cyclone bulletin will be issued at 11:00 AM today.
