

TROPICAL CYCLONE BULLETIN NR. 19
Severe Tropical Storm VERBENA (KOTO)

Issued at 5:00 PM, 26 November 2025

Valid for broadcast until the next bulletin at 11:00 PM today.

“VERBENA” MAINTAINS IS STRENGTH AS IT APPROACHES THE WATERS OFF KALAYAAN ISLANDS.

Location of Center (4:00 PM)

The center of Severe Tropical Storm VERBENA was estimated based on all available data at **230 km Northeast of Pag-asa Island, Kalayaan, Palawan (12.4°N, 115.9°E).**

Intensity

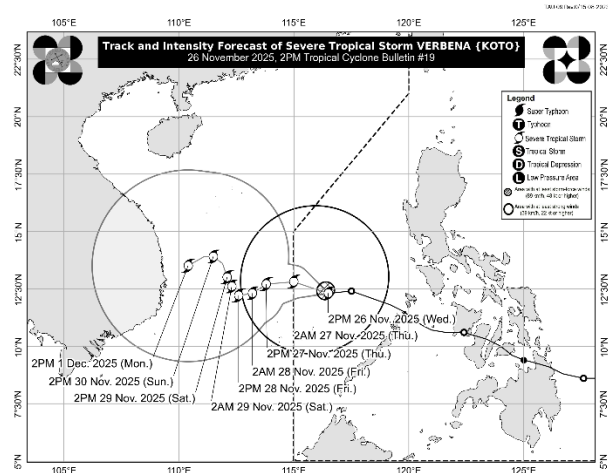

Maximum sustained winds of **95 km/h** near the center, gustiness of up to **115 km/h**, and central pressure of **990 hPa.**

Present Movement

Westward at 15 km/h

Extent of Tropical Cyclone Winds

Strong to storm-force winds extend outwards up to **450 km** from the center

TRACK AND INTENSITY FORECAST

Date and Time	Center Position			Intensity		Movement dir. and speed (km/h)

TROPICAL CYCLONE BULLETIN NR. 19
Severe Tropical Storm VERBENA (KOTO)

Issued at 5:00 PM, 26 November 2025

Valid for broadcast until the next bulletin at 11:00 PM today.

TROPICAL CYCLONE WIND SIGNALS (TCWS) IN EFFECT			
TCWS No.	Luzon	Visayas	Mindanao
1	Kalayaan Islands	-	-
Wind threat: Strong winds	Warning lead time: 36 hours Range of wind speeds: 39 to 61 km/h (Beaufort 6 to 7) Potential impacts of winds: Minimal to minor threat to life and property		

OTHER HAZARDS AFFECTING LAND AREAS
<u>Severe Winds</u> The wind signals warn the public of the general wind threat over an area due to the tropical cyclone. Local winds may be slightly stronger/enhanced in coastal and upland/mountainous areas exposed to winds. Winds are less strong in areas sheltered from the prevailing wind direction. • Minimal to minor impacts from strong winds are possible within any of the areas under Wind Signal No. 1. Furthermore, the surge of Northeast Monsoon and VERBENA will also bring gusty conditions reaching strong to gale-force strength over the following areas not under Wind Signal (especially in coastal and upland areas exposed to winds): • Today: Ilocos Region, Cordillera Administrative Region, Cagayan Valley, Central Luzon, Metro Manila, CALABARZON, Occidental Mindoro and Palawan. • Tomorrow (27 November): Batanes, Cagayan, Apayao, Abra, Ilocos Norte, Ilocos Sur, Zambales, Bataan, Lubang Island, and Palawan. • Friday (28 November): Batanes, Cagayan, Apayao, Abra, Ilocos Norte, and Ilocos Sur.

TROPICAL CYCLONE BULLETIN NR. 19 Severe Tropical Storm VERBENA (KOTO)

Issued at 5:00 PM, 26 November 2025

Valid for broadcast until the next bulletin at 11:00 PM today.

HAZARDS AFFECTING COASTAL WATERS

A Gale Warning is in effect over the seaboard of Northern Luzon and the western seaboard of Southern Luzon. Refer to Gale Warning No. 11 issued at 5:00 PM today.

24-Hour Sea Condition Outlook

Up to very rough seas over the following coastal waters:

- **Up to 5.5 m:** The seaboard of Batanes, Babuyan Islands, Ilocos Norte, and Ilocos Sur.
- **Up to 5.0 m:** The seaboard of mainland Cagayan and Kalayaan Islands
- **Up to 4.5 m:** The remaining seaboard of Ilocos Region
- **Sea travel is risky for all types or tonnage of vessels. All mariners must remain in port or, if underway, seek shelter or safe harbor as soon as possible until winds and waves subside.**

Up to rough seas over the following coastal waters:

- **Up to 4.0 m:** The seaboard of Isabela.
- **Up to 3.0 m:** The seaboard of Zambales, Aurora, and northern mainland Quezon; the western seaboard of Bataan, Lubang Island, Calamian Islands, and northern mainland Palawan; the northern and eastern seaboard of Polillo Islands; the northern seaboard of Camarines Norte.
- **Mariners of small seacrafts, including all types of motorbancas, are advised not to venture out to sea under these conditions, especially if inexperienced of operating ill-equipped vessels.**

Up to moderate to rough seas over the following coastal waters:

- **Up to 2.5 m:** The northern seaboard of Camarines Sur and Calamian Islands; the northern and eastern seaboard of Catanduanes; the western seaboard of Occidental Mindoro.
- **Up to 2.0 m:** The seaboard of Antique, Cuyo Islands, Cagayancillo Islands, and Surigao del Sur; the western seaboard of Batangas and Aklan; the southern seaboard of Occidental Mindoro and Oriental Mindoro; the eastern seaboard of Camarines Sur, Albay, Sorsogon, Eastern Samar, Dinagat Islands, and Davao Oriental; the northern and eastern seaboard of Northern Samar and Siargao-Bucas Grande Islands; the remaining seaboard of Catanduanes, Calamian Islands, and northern mainland Palawan.
- **Mariners of motorbancas and similarly sized vessels are advised to take precautionary measures while venturing out to sea and, if possible, avoid navigation under these conditions.**

TRACK AND INTENSITY OUTLOOK

- **It must be emphasized that heavy rainfall and severe winds may still be experienced in localities outside the landfall point and the forecast confidence cone. Refer to "Other Hazards affecting Land Areas" for more details. Furthermore, the track may still shift within the limit of the forecast confidence cone.**
- On the forecast track, VERBENA will move westward or west northwestward over the West Philippine Sea today through tomorrow (27 November) afternoon and pass north of Kalayaan Islands. It is forecast to exit the Philippine Area of Responsibility tonight or tomorrow early morning. Afterwards, it will decelerate significantly and move slowly west southwestward until Friday (28 November) morning or afternoon. VERBENA will then turn north northwestward while still moving slowly from Friday afternoon to Sunday afternoon, before turning west southwestward for the rest of the forecast period.
- VERBENA is forecast to continue intensifying within the next 48 hours due to favorable environment. Afterwards, the surge of the Northeast Monsoon will result in a slight weakening trend for the rest of the forecast period.

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to take all necessary measures to protect life and property. Persons living in areas identified to be highly or very highly susceptible to these hazards are advised to follow evacuation and other instructions from local officials. **For heavy rainfall warnings, thunderstorm/rainfall advisories, and other severe weather information specific to your area, please monitor products issued by your local PAGASA Regional Services Division.**

The next tropical cyclone bulletin will be issued at 11:00 PM today.
